Resumed hearing of Governor's sanction to prosecute CM

Governor observed *prima facie* misuse of office by the CM and issued show-cause notice: Solicitor General

Bengaluru, Aug. 31 (BCT)- The Karnataka High Court this morning resumed the hearing of petitions regarding Governor Thaawarchand Gehlot's sanction to prosecute Chief Minister Siddaramaiah in the alleged Mysuru Urban Development Authority (MUDA) scam.

The case came before a single Judge Bench of Justice M. Nagaprasana at 10.30 am and it involves allegations of corruption and irregular allocation of sites by MUDA to Siddaramaiah's wife B.M. Parvathi.

Solicitor General Tushar Mehta, representing the Governor, argued that the Governor is not required to depend on the Cabinet's recommendations when deciding to prosecute the Chief Minister. Instead, the Governor must evaluate whether there is a *prima facie* case warranting investigation by an agency.

Tushar Mehta

Mehta emphasised that if a cognisable offence is identified, the Governor must independently consider and approve the action, similar to any public servant under the Prevention of Corruption Act.

He read the Governor's note to the Court, highlighting that the Governor, upon reviewing T.J. Abraham's complaint, observed *prima facie* misuse of office and issued a show-cause notice.

The Solicitor General also referenced a previous judgement stating that if the Council of Ministers' advice is irrational or biased, the Governor is required to act independently and assess whether a *prima facie* case exists.

Tushar Mehta cited a judgement authored by Justice M. Nagaprasana, which states that anyone can initiate criminal proceedings by applying for sanction to prosecute a public servant.

A copy-paste job: Mehta criticised the Chief Minister's reply, describing it as a "cut-and-paste" job from documents prepared by the Chief Secretary, Advocate General, and Cabinet. He pointed out that the petition mirrored these documents exactly, including the same font and print, indicating a lack of independent thought.

He elaborated that the Chief Secretary's notes were followed by the Advocate General's opinions and judgments, which were then verbatim reproduced in the Cabinet's 90-page note. The Chief Minister's reply, Mehta claimed, simply copied this Cabinet note.

EDITOR'S BOTTOMLINE

WHAT DOES IT MEAN TO BE LUCKY?: ***What exactly is luck? Luck is just another word for timing. If you are in the right place, at the right time, with the right people, you are lucky. If the place, timing, or people are wrong, then you are unlucky. This definition of luck makes it circumstantial and less deterministic. It also means that being lucky is a waiting game. You must wait for the right conditions to make your move.***

This characterisation makes luck less a providential whim and puts the onus on the individual to be alert and constantly on the lookout for opportune occurrences. It also presupposes that lucky circumstances present themselves several times in one's lifetime. It is clearly up to the individual to realise when the time, place and people are right for affirmative action.

But how does one know that the time, place and people are right? This is where intuition comes into play. It is not something you 'figure out.' You just know it, in your bones. Intuition is described as the ability to understand something instinctively, without the need for conscious reasoning.

Listening to that little voice in your head with all your heart will let you know when the harvest is ripe for the picking. Providence gives everyone a second, even many chances. If you have not utilised opportunities prudently, do not blame providence for your miseries.

You can think of at least half a dozen opportunities that you were given to improve your lot. If you have squandered and ended up a loser, don't blame bad luck at birth. This is simply rationalising stupidity.

The very same favourable circumstances (in varying forms) are presented to you again and again. But money, influence, and the good life that these wonderful opportunities provide must make you grateful and industrious. Instead, if you became a slacker, grandiose, and derelict it is you who wasted away the blessings. Not bad luck. And it is also true that your loss was someone else's gain. Someone more deserving perhaps?

When a stroke of good luck or a windfall makes one grateful, this individual will naturally consolidate gains and build on them. There is nothing sinful in being a little indulgent with money when one can easily afford it. But many of us take good luck for granted. That is when misfortune befalls us. *—Sridhar Sachidanand in Deccan Herald*

Employees break record for largest pajama party

Almhult: Furniture company Ikea gathered 2,052 employees at its first store in Sweden to hold the world's largest pajama party.

The chain broke the Guinness World Record for the largest gathering of people wearing two-piece pajamas at a single venue at the store in Almhult.

Company officials said the record attempt was part of Ikea's initiative to create bedroom décor designed to improve sleep.

"We're thrilled about this collective effort, coming together to highlight the importance of sleep," Fredrika Inger, Managing Director of Ikea of Sweden, said in a news release. "Good sleep benefits everyone, and we believe that by prioritizing it, we can genuinely make a big difference. Small adjustments, like choosing the right pillow or lighting can lead to big improvements. Our goal is to make these improvements accessible to everyone because good sleep should be something everyone can achieve," he added.

Orange lobster returned to the wild

New York: An extremely rare orange lobster that arrived in a shipment at a New York store was released back into the wild by an animal advocacy group.

Humane Long Island said on social media that workers at Southampton Stop & Shop found the orange lobster among the standard brown lobsters that arrived in a recent shipment.

The store offered the crustacean to the Long Island Aquarium, but the facility declined. The lobster, now named Clementine, underwent rehabilitation under the supervision of a veterinarian before being released back into the Long Island Sound.

VOICE OF THE READER

Temple Road - KRS Road traffic signal non-functional

Sir,

I am writing to express my deep concern regarding the continued non-functioning of the traffic signal at the junction of KRS Road and Vontikoppal Temple Road, despite my earlier complaint.

Along with my letter to the editor of *SOM* dated 30.7.2024, I had also written to the V.V. Mohalla Traffic Police Station.

The station replied on 26.8.2024, indicating that a technician was contacted and that the issue stems from an expired contract with the concerned authority.

While this explanation is informative, it does not address the urgent problem at hand. The traffic signal at this busy intersection remains non-operational, continuing to endanger the lives of drivers and pedestrians daily.

The apparent lack of accountability and the delay in resolving this issue are highly alarming.

Passing responsibility between different parties does not absolve any stakeholder from ensuring public safety. It is imperative that the authorities concerned, Traffic Police here, take immediate and decisive action to restore the functionality of the traffic signal.

The continued delay in addressing this issue not only reflects poorly on those responsible but also places the community at ongoing risk.

With Dasara fast approaching, I strongly urge the authorities to escalate this matter and ensure that the necessary repairs are carried out without further delay.

Public safety should be the top priority, and it is unacceptable for such a critical issue to remain unresolved.

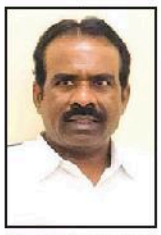
BJP had no role in awarding 14 sites to CM's wife: MLC

'50:50 rule came into effect at MUDA in 2015, during Siddaramaiah's previous tenure as Chief Minister'



N. Ravi Kumar

Bengaluru, Aug. 31 (BCT)- The BJP has released audio recordings and documents to challenge Chief Minister Siddaramaiah's claim that the Mysuru Urban Development Authority (MUDA) passed a resolution in the BJP rule to allot sites on a 50:50 basis to his wife, B.M. Parvathi.

Addressing a press conference at the State BJP Office Jagannath Bhavan in Malleswaram yesterday, N. Ravi Kumar, Chief Whip of the BJP in the Legislative Council, presented evidence including meeting minutes and an audio recording from a 2020 MUDA session.

He refuted the CM's claims, stating that the resolution to allot the site was never passed by MUDA. "We have the audio recording from the meeting where the proposal was discussed, but no order was issued. The documents showing approval are fabricated," Ravi Kumar asserted.

Deep-seated corruption

"This evidence exposes the deep-seated corruption within the Congress administration. The 2020 MUDA meeting did not decide to allocate land to the CM's wife; it was part of a broader pattern of corruption," he said.

Ravi Kumar also pointed out that the 2020 meeting was attended by then MUDA Chairman H.V. Rajeev, MLCs Dr. Yathindra Siddaramaiah and Marithibbegowda, MLAs G.T. Devegowda and Tanveer Sait, along with MUDA Commissioner Dr. D.B. Natesh.

Fabricated resolution, documents

"No approval was granted during the meeting, yet it was falsely claimed that the MUDA Commissioner and Chairman had agreed to it and that a resolution was passed. Based on this fabricated resolution, 14 sites were allotted to Siddaramaiah's wife," Ravi Kumar stated. He added that the Chief Minister should have resigned, taking moral responsibility for the MUDA site allotment issue.

"The 2020 meeting minutes and audio recordings clearly reveal that the matter involving the CM's wife was not openly discussed, yet former MUDA Commissioner Natesh signed on the resolution," Ravi Kumar asserted, calling for a criminal case against both Natesh and another official named Rajiv.

Ravi Kumar highlighted that the Basavaraj Bommai-led BJP Government in 2021 formed a technical committee to review and report on MUDA's site allotment policies. "The Committee's report recommended halting the allotment of alternative sites due to undue favouritism and significant losses to MUDA," he added.

50:50 implemented in 2015

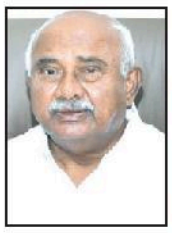
He also referenced a document showing that the 50:50 rule came into effect at MUDA in 2015, during Siddaramaiah's previous tenure as Chief Minister. "This order was annulled by the BJP in 2020. Siddaramaiah frequently makes false claims. He should resign as CM and hand over the case to the CBI," Ravi Kumar demanded.

He further claimed that when they exposed the illegal allotment of 14 MUDA sites, Siddaramaiah countered by stating that Rs. 62 crore should be compensated to his family for land acquired by MUDA.

He pointed out that over 87,000 applicants have not received MUDA sites. "Will the CM return these sites to MUDA? He is yet to respond to this question in the House," Ravi Kumar said.

'Need marks cards or certificates? Just send them to Haveri University'

MLC Vishwanath slams transfer of former MUDA Commissioner; calls it a mockery of justice



Vishwanath

Dinesh Kumar

Mysuru, Aug. 31 (RK&BCT)- Member of Legislative Council (MLC) Adagur H. Vishwanath has launched a scathing attack on the recent transfer of former Mysuru Urban Development Authority (MUDA) Commissioner G.T. Dinesh Kumar to the position of Registrar at Haveri University.

In a sarcastic jibe, Vishwanath remarked, "Need marks cards or certificates for degree or post-graduate courses? Just send those in need to Haveri University... they'll prepare fake ones for you, if you pay."

Vishwanath was speaking to *Star of Mysore* about the controversial appointment of Dinesh Kumar, who is embroiled in corruption allegations linked to the Mysuru Urban Development Authority.

Dinesh Kumar, along with others, allegedly caused colossal financial losses by approving site allotments under the 50:50 ratio through arbitrary official orders, disregarding laws and regulations.

Vishwanath's remarks underscore growing public discontent within political circles regarding the handling of corruption allegations and the perceived leniency in dealing with officials accused of significant wrongdoing.

"Transferring someone like Dinesh Kumar, who has been at the centre of such massive misconduct, to a responsible position at Haveri University is like appointing a fence to guard the field," Vishwanath criticised, likening the decision to putting a fox in charge of the henhouse.

He further stated that instead of filing criminal cases and suspending Dinesh Kumar and former Mysuru Urban Development Authority Commissioner D.B. Natesh, and others involved, the State Government's decision to merely transfer them reflects poorly on Chief Minister Siddaramaiah.

"This decision does not bring honour to the Chief Minister, who hails from Mysuru. It seems he has been influenced by those around him to make such flawed choices," the MLC asserted.

'Which powerful Minister shielding corrupt officers?'

Urban Development Minister destroyed 150 files related to MUDA land scam: MLA

T.S. Srivatsa

Mysuru, Aug. 31 (BCT)- Krishnaraja MLA T.S. Srivatsa questioned why the State Government has not taken disciplinary action against KAS officers (G.T. Dinesh Kumar and Dr. D.B. Natesh) for their alleged role in the MUDA site allotment scam. He specifically pointed out the lack of action against the two officers and said that the Government, instead, gave them plum posts.

Speaking to reporters in Mysuru yesterday, Srivatsa expressed disappointment that instead of facing punishment, Dinesh Kumar has been promoted as the Haveri University Registrar.

He criticised the Government for protecting the officers, noting that Chief Minister Siddaramaiah initially took a strong stance against corruption but seems to have softened his approach.

Srivatsa further alleged that influential figures might be behind the CM's reluctance to act against these officials. "Who is the powerful Minister guiding the CM on transfers at whose behest corrupt officers are being shielded?" he questioned.

The MLA announced plans to file a complaint with the Lokayukta against the two former MUDA Commissioners and accused Urban Development Minister Byrathi Suresh of removing and destroying over 150 files related to the land scam.

CA site: District Congress rubbishes charges against Mallikarjun Kharge

Mysuru, Aug. 31 (MK&DM)- Rubbishing Opposition Leader in the Legislative Council Chalavadi Narayanaswamy's charges that a Trust run by AICC President Mallikarjun Kharge's family had illegally got a CA site from KIADB, as baseless and politically motivated, District Congress President Dr. B.J. Vijaykumar said that the site allotment was purely legal.

Addressing a press meet at Congress Bhavan in city yesterday, he said that out of the 283 applications that the KIADB received from across the State, 193 applications have been approved and Siddartha Trust run by the Kharge family is one of them. The Trust has been allotted the site legally and there was nothing illegal about it, he asserted.

It is an irony that those who politically grew up in Kharge's house are now making allegations against him, Dr. Vijaykumar said referring to Narayanaswamy, who is in the BJP now.

Alleging that Chalavadi Narayanaswamy, who got 2 acres and 8 guntas of KIADB land in Mysuru's Hebbal Industrial Area in the name of Brindavan Software in 2006, has not yet opened the proposed company even after 18 years, Dr. Vijaykumar said that the District Congress would write to the KIADB authorities to fence the land and take possession of it.

Akhila Karnataka Mallikarjun Kharge Abhimanigala Balaga President C. Narendra, who also addressed the press meet, said that Chalavadi Narayanaswamy's son Pradeep Chowdhary, who got a site from KIADB at Hootagalli Industrial area, had sold the site to others. Similarly, Chowdhary had got the sites at a discounted price at Mandya and Hoskote and sold them too, he alleged.

Strongly condemning Narayanaswamy's allegations against Kharge, he warned of Statewide protests if Narayanaswamy continues to make false charges against Kharge.

KEA Chairman Ayub Khan, City Congress President R. Murthy and others were present.

BSP stages protest against diversion of SCSP/TSP funds for Congress guarantees

Mysuru, Aug. 31 (BLU&DM)- Strongly condemning the diversion of SCSP/TSP funds for other purposes by the State Congress Government, the Bahujan Samaj Party (BSP) staged a demonstration at Ambedkar Circle in Gandhinagar here yesterday.

Accusing the Government of diverting SC/ST funds for implementation of its guarantee schemes, the protesters maintained that the Congress which came to power by making promises to SC/ST communities, is now cheating them by diverting the welfare funds.

Urging the Government to allot 5 acres of agricultural land for SC/ST women and allocation of Rs.500 crore for SC/ST education and reservation in jobs , they demanded that the Government should not divert SC/ST welfare funds for other purposes. They also wanted the Government to fill up backlog vacancies.

MCC extends property tax rebate deadline till Sept. 14

Mysuru, Aug. 31 (SBD&DM)- In a bid to prompt the property tax defaulters to pay their dues, the Mysuru City Corporation (MCC) has extended the 5 percent rebate on property taxes till Sept.14.

The earlier deadline was Aug. 28. Usually, the MCC gives a one-month deadline (Apr. 1 to 30) for property tax payers to pay their taxes with a 5 percent rebate. But due to the LS polls, this deadline was earlier extended twice. The Government has now extended the 5 percent rebate deadline to Sept. 14, according to MCC Commissioner Ashaad-Ur-Rahman Shariff.

Weaponising Constitution for political gains: A very deceptive game

By R. Chandra Prakash

Lok Sabha election-2024 has turned out to be unique in more ways than one. After ten years of single party rule, once again people have given a mandate which has disproved many assumptions, expectations and even myths.

Chandra Prakash

It has established that caste and larger caste-based reservations are more important than all-round economic development or national interests; that corruption is a non-issue in politics; that dynasty is still relevant in democracy; that honesty in political life is irrelevant; that secularism cannot overcome the deep-rooted religious commitments, rather it has helped in consolidating minority votes into a very powerful vote-bank.

In contrast, this election results have proved that *Sanatana Dharma,* which is supposed to be a massive majority religion of India, is a caste-ridden and highly divided entity.

Finally, it has also proved that the political pundits and the entire media, which was very confidently predicting 2024 Lok Sabha results, is totally disconnected from ground reality in the country.

DECEPTIVE SLOGAN

If one were to attribute any one factor for the above outcomes of the recent Lok Sabha elections, then it should be the slogan 'Constitution is in Danger.'

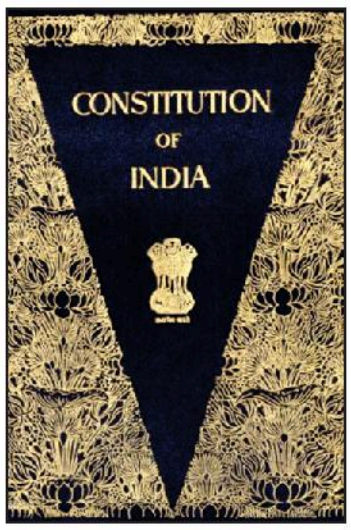
The clarion call by Prime Minister Narendra Modi seeking not less than 400 seats victory in 2024 elections was very mischievously and effectively converted by the 'united' Opposition parties into 'Constitution is in Danger' as their main election slogan.

The voters seemed to have been convinced by the Opposition parties that Modi's demand for a 400-plus majority is meant to take away the provisions of caste reservations, secularism from the Constitution and declare India as a Hindu Rashtra. And by constantly alleging that Modi is anti-minority, these parties were also successful in consolidating Muslim votes in their favour.

Projecting themselves as a Saviour of Constitution,' the Opposition assured to conduct a National Caste Survey and provide caste-based distribution of national income and wealth. Rahul Gandhi went ahead and stated that Congress will provide benefits on the criteria of *'jiski jitni aabaadi, uski utni bhagidari.'* [As is the size of population, so will be the entitlement (in National wealth)].

Interestingly, the slogan is being continued to be used by Opposition parties even after election results, like during the oath-taking ceremony in the Parliament. Articles are being published, intellectuals are holding lectures and public discussions on strong belief that 'Constitution is in Danger.'

Therefore, it will not be wrong to conclude that the election results were skewed by the overall effects of this diabolic slogan 'Constitution is in Danger.'



Lok Sabha election-2024 has established that caste and larger caste-based reservations are more important than all-round economic development or national interests; that corruption is a non-issue in politics; that dynasty is still relevant in democracy; that honesty in political life is irrelevant; that secularism cannot overcome the deep-rooted religious commitments, rather it has helped in consolidating minority votes into a very powerful vote-bank.

INHERENT LIMITATIONS

One has to recollect that the circumstances prevailing during the framing of the Constitution were far from being favourable. The British were in a great hurry to leave the country and at any cost, the country had to be partitioned to ensure independence and Pakistan was created entirely on the religious ground. Country was a conundrum of religious hatred and massacre. Dr. B.R. Ambedkar's book *Pakistan or The Partition of India* very lucidly narrates the prevailing socio-political circumstances of country's partition. Departure of Gandhiji from the scene had cast an emotional shadow blackmailing every effort, including the Constitution making.

A dispassionate and scientific scrutiny of Constituent Assembly debates will substantiate how the existing circumstances adversely affected its making.

DR. B.R. AMBEDKAR: BURN THE CONSTITUTION

It would be highly appropriate here to recall what Dr. B.R. Ambedkar said in 1955. The context was the discussion on Fourth Amendment Bill, the date was 19th April 1955. The dialogue goes as follows:

Dr. Anup Singh: Last time when you spoke, you said that you would burn the Constitution.

Dr. B.R. Ambedkar: Do you want a reply to that? Now that my friend has given me the opportunity, I think I shall give the reason. The reason is this: We built a temple for God to come in and reside, but before God could be installed, if the Devil had taken possession of it, what else could we do except destroy the temple? We did not intend that it should be occupied by the Asuras. We wanted it to be occupied by Devas. That is the reason why I said I would rather like to burn it.

[Source: Dr. B.R. Ambedkar, The Man and the Message, A Commemorative Volume, Ed. Sudarshan Agarwal, Secretary, Rajya Sabha, Prentice Hall Pvt Ltd., New Delhi, 1991, page 22]

Above statement made within the first five years of its implementation, by the very person who is acclaimed as the Father of our Constitution, should give a correct perspective of the limitations in our Constitution.

THE MOST AMENDED CONSTITUTION IN WORLD

Interestingly our Constitution is declared to be the most amended Constitution in the world. So far, it has undergone 106 amendments, at an average of roughly twice a year. Of these, 96 amendments were made before 2014. That should clarify that our Constitution is not sacrosanct and has been and can be amended to provide for the contemporary political demands of the nation.

Point to be noted is that the Congress, which is crying hoarse of Constitution being in danger, has the stigma of amending the Constitution most times. Further, former PM Rajiv Gandhi amended the Constitution just to nullify the Supreme Court judgement in Shah Bano case and to mollify the minority community. Congress has the ignominy of amending the Constitution during the Emergency period, when all the democratic institutions were shut down and all powers were vested with PM Indira Gandhi and her cabinet. It was during Emergency that the words Socialism and Secularism were inserted into the Preamble of the Constitution. **These amendments changed the very essence and spirit of the Constitution, beyond the scope enshrined by the framers.** Why is that during all these amendments by the Congress, our Constitution was 'not' in danger?

ERA OF VOTE BANK POLITICS

However, now a very strong minority vote bank has emerged in our democratic structure. The Congress, which has lost its all-India presence, is leading from the front in this regard. Muslim appeasement has become capital of the dynastic political parties and competition among them is intense to garner minority votes en-bloc. Certain political parties, claiming to be protectors of minority community interests, are adorning communal names and yet, claim to be secular.

Consequently, today there is presence of a strong political undercurrent that the Constitution has failed to protect the heritage and culture of its majority community — the Hindus. Anand Ranganathan's book *Hindus in Hindu Rashtra (Eighth-Class Citizens and Victims of State-Sanctioned Apartheid)* provides detailed narratives of how Hindus are being discriminated in Bharat by the successive governments.

Most of the opposition political parties have now resorted to caste-based approach to garner Hindu votes. Caste is a strong demographic glue which weakens the unity amongst Hindus. This is yet another smart move to further divide Hindu community in the performance of their democratic rights.

Rajiv Malhotra and Vijaya Viswanathan in their book *Varna Jati Caste: A Primer on Indian Social Structures* have very succinctly explained what and how Varna and Jati were mischievously misinterpreted into divisive caste for the sake of political gain.

Newly adopted freebie culture by a few Opposition parties to gain political power has injected a new dimension to further weaken the Hindu community. But neither the ruling governments, political parties nor the judiciary is interested to stop this wanton disregard for the national interests or the spirit of Democracy.

Now some academicians are even looking forward to the **North-South divide** based on socio-political differences they derive from the recent Lok Sabha election results.

BHARAT'S DILEMMA

Bharat is once again confronted with a dilemma forced upon her by the recent Lok Sabha election results. Modi has to work under the coalition compulsions during his third term. But it was during his third term that he wanted to carry out necessary fine-tuning of the laws which have been anti-Hindu and pro-minority appeasement causing huge damage to the cultural heritage of *Sanatana Dharma.* **There was also an urgent need for extensive judicial reforms.** All these needed a clear majority in both the Houses of the Parliament, which he does not have today.

SECULARISM AND WESTERN WORLD

Very interestingly, it is intriguing that it is not only Bharat which is confronting the existential threat to its religious and cultural moorings. Entire western world is also suffering similar situations. Large scale racial confrontation and conflict between the followers of Judaism, Christianity and the Islam.

REVIEW OF INDIA'S CONSTITUTION A MUST

India's Constitution has failed to protect the civilisational culture of the country. It has also been misused and abused only to further damage the country's *Sanatana Dharma,* which in itself imbibes the spirit of *Vasudhaiva Kutumbakam* and *Sarva Dharma Sama Bhava.*

True Secularism is intrinsic to Hinduism. Otherwise how does one account for the significant increase in the population of the minority community since Independence? **Therefore, the right slogan should be 'Sanatana Dharma is in Danger' and NOT the Constitution.**

KPCC Spokesperson files plaint against RTI activist

Lakshmana asks for extermment of Snehamayi Krishna

Mysuru, Aug. 31 (BLU&BCT)- Karnataka Pradesh Congress Committee (KPCC) Spokesperson M. Lakshmana has lodged a complaint with the City Police Commissioner against Right To Information (RTI) activist Snehamayi Krishna who has petitioned the Karnataka Governor to sanction prosecution against Chief Minister Siddaramaiah in alleged irregularities with the Mysuru Urban Development Authority (MUDA) site allotment.

In his complaint, Lakshmana alleged that Snehamayi Krishna, who faces 17 criminal cases across the State, is accused of land grabbing and intimidating prominent figures, including the complainant. He has called for immediate action, requesting that Krishna be banished from Mysuru and that a Goonda Act case be filed against him.

This complaint by Lakshmana is in counter to the complaint filed by Snehamayi Krishna at Lakshmipuram Police Station on Aug. 28, accusing CM Siddaramaiah's wife B.M. Parvathi, KPCC Spokesperson M. Lakshmana and others, of fabricating and tampering with documents.

Lakshmana cited a Police report that stated Snehamayi Krishna submitted 110 RTI applications to various departments in 2022-2023. "He obtained documents from the Government departments and forged RTI information by using fake seals and he also tampered with documents and used whitener on some letters," Lakshmana alleged.

"Despite Snehamayi Krishna's long history of criminal activity, including alleged blackmail and extortion, and the requirement for the Police to file security cases every six months, no action has been taken. This inaction has prompted questions about why the Police have not addressed Krishna's ongoing criminal behaviour and the apparent negligence in handling his case," Lakshmana said.

Resumed hearing

(Continued from page 1)

According to Mehta, Governor's sanction order is a 6-page document reflecting thorough consideration. He argued that no prior hearing is required under Section 17A, which pertains to executive and administrative powers. **He added that issuance of show-cause notice does not imply undue haste and that Siddaramaiah was subsequently given time for a hearing.**

Senior Counsel Maninder Singh, representing one of the complainants, Snehamayi Krishna, alleged that Cabinet's resolution was intended to pressure Governor. **Singh also questioned how acquired land was reclassified as agricultural, humorously suggesting it was "by magic."**

He argued that this case clearly warrants investigation and criticised uniform replies from Government authorities as impeding the investigation. He urged the Court to uphold the **public trust doctrine** and ensure that the investigation is not obstructed.

The hearing was adjourned for lunch when we went to the Press.

'Raj Bhavan Chalo' by Congress

(Continued from page 1)

They were demanding that the Governor Thaawarchand Gehlot be fair and give permission to prosecute Union Minister H.D. Kumaraswamy, who has been named by Lokayukta in a mining scam, former BJP Ministers Murugesh Nirani, Shashikala Jolle and G. Janardhan Reddy, who are facing corruption charges.

CM Siddaramaiah has alleged that the Governor's office had been misused to 'destabilise' the democratically-elected State Government. In a post on X, CM Siddaramaiah said that the protest was against Governor's discriminatory decision by not granting permission to prosecute-Kumaraswamy and others.

Meanwhile, Deputy CM D.K. Shivakumar, speaking to media persons after submitting the memorandum to Governor, said "The enquiry against Kumaraswamy has been completed. We urge the Governor to grant permission to prosecute these BJP and JD(S) leaders."

The 'Raj Bhavan Chalo' protest march which began from Mahatma Gandhi Statue in Vidhana Soudha culminated at Raj Bhavan where the Congress party leaders submitted a memorandum to Governor Thaarwarch-and Gehlot.

Avani Lekhara

Paris, Aug. 31 (Agencies)- India's Avani Lekhara made history at the Paris 2024 Paralympics yesterday by successfully defending her women's 10m air rifle standing SH1 title, becoming the first Indian woman to win two gold medals in the Games' history.

Lekhara, the Indian para-shooter, scored 249.7 in the final, setting a new Paralympic record and breaking her own previous mark of 249.6, which she had set during her debut at Tokyo 2020. The 22-year-old secured the top spot ahead of Republic of Korea's Lee Yunri, who claimed silver with a score of 246.8. Compatriot Mona Agarwal missed out on the gold medal round but secured bronze with 228.7, marking India's first two medals at the Paris 2024 Paralympics.

This event marked the first time India achieved a double podium finish in the same event at the Paralympic Games. Meanwhile, Manish Narwal clinched a silver medal in the men's 10-meter Air Pistol with a score of 234.9.

The 22-year-old, who bagged gold in the Mixed 50-meter Pistol event in the Tokyo Paralympics, held the first spot in final after an initial round of shots in stage 2, but eventually lost his lead to finish second. Another para-athlete Preeti Pal bagged bronze in the women's 100-meter sprint as she achieved her personal best timing of 14.21 seconds to finish third in the final.

Live streaming on **FANCODE**

Bengaluru, Aug. 31 (VNS)- The much awaited semi-final clash between Mysore Warriors and Hubli Tigers will take place at the M. Chinnaswamy Stadium in Bengaluru this evening.

Warriors, inspired by their skipper Karun Nair, who has been in a scintillating form this season, finished second in the points table with 12 points winning six out of their 10 matches in the league stage.

Hubli Tigers, who finished third in the points table, will be looking to bounce back after having faced defeats in the last couple of matches. However, the momentum is expected to be with the Warriors who are beaming in confidence after winning their previous two encounters.

Overall both the teams have met eight times in the KSCA Maharaja T20 out of which Mysore Warriors have won six matches with Hubli Tigers emerging victorious in just two.

For Mysore Warriors, Karun Nair has blasted 490 runs in 10 innings striking at 187.7 with four half-centuries and a 124 not out against Mangaluru Dragons. Medium pacer C.A. Karthik is leading wicket taker for Warriors with 14 wickets from nine matches. All-rounder Manoj Bhandage has scored a total of 222 runs with a whopping strike rate of 196.5 and also scalping eight wickets so far. Another Warrior who could play a vital role in today's match will be J. Suchith, the left-arm orthodox, who has so far scalped 11 wickets in the tournament. Having the ability to produce crucial cameos in the slog overs, Suchith could be a game changer.

Meanwhile, the wounded Hubli Tigers will depend on K.L. Shrijith who is the leading run getter for the Tigers with 329 runs in tournament. He hammered 100 in just 51 deliveries against Gulbarga Mystics in one of the matches played in the league stage. Contributions from dashing batter Mohammed Taha will also be crucial. And of course, Manish Pandey, the veteran, who has the ability to change the course of the match, will have to come out with his best in the middle order for the Tigers to reach the finals.

Fans of both Mysore Warriors and Hubli Tigers will be glued to their television sets hoping the team they support would emerge victorious to face Bengaluru Blasters in tomorrow's finals.

Guruve Nimage Sharanu & *Hacchhevu Kannadada Deepa* books released

***Senior Writer Nadoja Baragur Ramachandrappa** (4th from right), along with other guests, releasing the books 'Guruve Nimage Sharanu' and 'Hacchhevu Kannadada Deepa,' written by Dr. P.V. Nagaraj, at programme organised at Maharani's Commerce and Management College for Women on Valmiki Road in city yesterday.*

Mysuru, Aug. 31 (BLU&DM)- Senior Writer Nadoja Baragur Ramachandrappa expressed concern that excessive use of technology has resulted in academic inequalities in schools.

He was speaking after releasing two books written by Dr. P.V. Nagaraj — 'Guruve Nimage Sharanu' and 'Hacchhevu Kannadada Deepa' — at a programme organised at Maharani's Commerce and Management College for Women on Valmiki Road here yesterday.

Regretting that educationists have occupied the space of academicians and educational experts, he bemoaned that education has transformed into an industry from being a service.

Noting that classes are not the place for manufacturing human machines, Ramachandrappa lamented the increasing use of technology in learning.

Maintaining that this has resulted in a communication gap between the teachers and students, he expressed concern that such a trend has resulted in the de-linking of relations between the teacher and the students (Guru-Shishya).

Asserting that he is not against technology, he said that he always believed that the Guru-Shishya relationship should be from the heart. If not, there will be no books on teachers in the future and we would be forced to write only on laptops and computers, he said adding that technology should not destroy the educational principles.

Expressing disappointment that at present, casteism and religious fundamentalism is increasingly creeping in the minds of school and college students, Ramachandrappa regretted that education is becoming increasingly commercial.

He stressed on the need for framing a pro-knowledge, pro-employment and a common school policy, that is not discriminatory in nature.

Recalling the Movements launched by great personalities like Savitribai Phule and Fatima Sheikh in providing education to girls, he said that the two created a revolution of sorts in education.

Pointing out that though the author (P.V. Nagaraj) is visually impaired, he has made a lot of achievements, Ramachandrappa said that Nagaraj was also among the participants when he presided over the first ever blind Kavigoshti. Nagaraja is one among the achievers who have excelled nationally and internationally, he added.

Critic Prof. O.L. Nagabushanaswamy too spoke.

Ranga Samaja Member Prof. Rajappa Dalvai, Maharani's Commerce and Management College for Women Principal Prof. Somanna, Prof. B.P. Ashakumari, Prof. Govindegowda, Rekha, the books publisher Omkarappa and others were present on the occasion.
